Application-2

Please follow the directions below carefully.

Please send or e-mail (scanned copy) proof of your education and a written statement of Intent from you, explaining how you plan to use the rehabilitative techniques of Del Giacco's Neuro Arts Therapy (CDAT). If you are claiming credit for work history, we will need to speak with your employer. Or I will need a verifiable letter that supports your work and the extent of work time being claimed.

Fee explanation

1. **Application Fee:** Fee covers primary interview, credentialing and processing of application.

\$125.99

2. **Study Material & Mentoring Fee:** Printed Study Guide (500 pages) accompanies the Internet 12 Chapters – on line 24/7. 2 CEU's are awarded upon the completion of each Chapter. 10 CEU's are awarded for your final paper. Mentoring covers support when required, set-up with modules, technical support and review of each chapter as you complete it to weed out your learning problems and then offer clarity so you can move along easier.

\$599.99

3. NAT KIT or Neuro Arts Therapy Kit:

Product Description

The NAT KIT includes: A hard copy of the Therapeutic Drawing Series in a Landscape Binder. Each of the 39 Developmental Drawings is encased in a clear plastic binder to ensure duration & sturdiness of the content. The Therapeutic Drawing Series comes with directions for individual sessions or group sessions. In addition there are 8 assessment tools; A DVD of Client's (2) and a therapist discussing their recovery using the Therapeutic Drawing Series. A DVD of Perception, which demonstrates how a person with only the left side of their brain has acquired 20/20 vision and has become an Artist. On CD, a Power Point Presentation 3 Case Studies with many color examples. On this CD I discuss 3 Case Studies in depth and the client drawings that demonstrate their progression of recovery. A Book, Del Giacco's Neuro Art Therapy: A Missing Link in Cognitive Rehabilitation for the Neurologically Impaired. Hundreds and hundreds of support references are provided for you.

\$595.95

Total Fee \$1,321.93

Review of the Neuro Arts Therapy Kit

To Whom It May Concern, This letter is intended to serve as a recommendation for the unique and effective neuro-arts therapy program innovated by Dr. Maureen Del Giacco. As a professional art therapist for ten years and current president of the New York Art Therapy Association, I am proud to endorse Dr. Del Giacco's approach. I can also say without reservation that this art therapy program truly does help enhance cognition for a variety of populations. In my own practice, I rely on its usefulness to increase the level of awareness, alertness, and response for older adults affected by degenerative dementing illnesses. These people are well served by this improvement in their quality of life. Prior to learning how to implement Dr. Del Giacco's program, I despaired that my knowledge and years of art therapy practice could not help our elders. --Betsy Lazarus, ATR-BC, President of New York Art Therapy Association, 01-05-2005.

Payment must be made before you begin your course work.

USA Shipping & Handling is free -Via Priority Mail 3-4 days for delivery.

Shipping and handling outside of USA is not paid for. Usually the mailing charge is about \$80.00 for the Study Guides and the Nat Kit via Priority Mail. Delivery time depends on your customs authority and your location.

After 30 days there is no refund.
